TATA TECHNOLOGIES LTD. - TECH PULSE FY-26

STUDENT DECLARATION

Student Name: Pranav Ravindra Harad **PRN:** 123B1F028
Institute: Pimpri Chinchwad College of Engineering (PCCOE), Pune
Programme / Batch: B.Tech Artificial Intelligence & Machine Learning / TechPulse FY-26
Case Study ID: CS4 (Secure Code Debugging and Review Assistant)
Project Title: AutoSafe-Review: Air-Gapped, AST-Aware Hybrid Diagnostic & MISRA/ISO 26262 ECU Code Review Assistant

Declarations Confirmed by Candidate:

- **Originality of Work:** I confirm that the submitted project and its implementation represent my own original work.
- **Citation of Resources:** I have cited all external code, datasets, reference models, and standard documents (MISRA C:2012, SEI CERT C, ISO 26262:2018).
- **No Fabrication of Results:** I have not fabricated or manipulated any benchmark metrics or evaluation results. All quantitative metrics are generated via reproducible evaluation scripts (run_evaluation.py).
- **Accurate Attribution:** I have accurately stated all individual contributions and technical approaches.
- **Declaration of AI Tools:** I have declared all AI tools, coding assistants, and local pre-trained models used in this project.
- **Technical Understanding:** I understand and can explain, justify, and defend every part of the submitted implementation, architecture, and code during faculty and industry evaluation.
